### **Sub: Submission for review & revocation of Austerity Measures Imposed.**

**Ref: Circular No. NBC/FIN/784, Dt.18.05.2013**

Sir,

This is to respectfully submit that the austerity measures imposed vide above referred circular based on the then prevailing LME Aluminium price of **\$1800/MT**, covered six major expenditure categories aimed at safeguarding the company's financial position.

The said circular had stipulated restrictions under the following heads:

- Withdrawal of delegated power for sanction of tours:**  
Tours of all employees up to the level of GMs (now CGM) require approval of the Functional Director, and tours of EDs require approval of the CMD.
- Withdrawal of authority to sponsor employees** for Conferences/Seminars.
- Reduction of authority by 25%** for approving expenditure relating to entertainment (DoP Cl. No. 2.8), departmental meetings (DoP Cl. No. 2.9) and lunch/dinner for various meetings/seminars (DoP Cl. No. 2.28), applicable for the full year.
- 10% cut** in the budgetary sanction for official/social/cultural activities.
- 10% cut** in the budgetary sanction of all administrative expenditures, excluding statutory, security-related, and environmental expenses.
- Expenditure reduction efforts** to be made in areas such as vehicle hiring, township maintenance, computer consumables, and advertisement/publicity.

During the first half of the current financial year, NALCO has demonstrated exceptionally strong financial performance, registering a **50.15% growth in Net Profit**, reaching **Rs.2497 Cr.** Simultaneously, the LME price has strengthened to **\$2895/MT**, indicating a robust improvement in market fundamentals compared to 2013. However, the austerity measures have been continuing since last 12 years.
